AGENDA STAFF REPORT

DATE: February 5, 2020

TO: Mayor and City Council

APPROVED BY: David B. Dale, City Manager

PREPARED BY: Christopher Velasco, Contract Planner

SUBJECT: Introduction and First Reading by Title Only of Ordinance No. _____ An Ordinance of the City Council of the City Of Calexico, California, Amending Section 17.11.1020, of Chapter 17.11, Title 17 (Zoning) of the Calexico Municipal Code Adding One Parcel to the Cannabis Overlay Zone.

=====

Recommendation:

Planning Division recommends that the City Council adopt the following Ordinance by title only:

Ordinance No. _____ An Ordinance of the City Council of the City of Calexico, California, Amending Section 17.11.1020, of Chapter 17.11, Title 17 (Zoning) of the Calexico Municipal Code Adding One Parcel to the Cannabis Overlay Zone.

Background:

On November 8, 2016, California voters passed Proposition 64, the Control, Regulate and Tax Adult Use of Marijuana Act ("AUMA"), legalizing the use and possession of cannabis and cannabis products by adults aged 21 years and older.

On June 27, 2017, Governor Brown signed into law Senate Bill 94, which repealed the Medical Cannabis Regulation and Safety Act ("MCRSA"), included certain provisions of MCRSA in the licensing provisions of AUMA, and created a single regulatory scheme for both medicinal and non-medicinal cannabis known as the Medicinal and Adult-Use Cannabis Regulation and Safety Act ("MAUCRSA" or "Act").

MAUCRSA retains the provisions in the MCRSA and the AUMA that granted local jurisdictions control over whether non-commercial and commercial cannabis activities could occur in a particular jurisdiction. Specifically, California Business and Professions Code section 26200

provides that MAUCRSA shall not be interpreted to supersede or limit the authority of a local jurisdiction to adopt and enforce local ordinances that completely prohibit the establishment or operation of one or more businesses licensed under the state licensing authority and shall not approve an application for a state license for a business to engage in commercial cannabis activity if approval by the state license will violate the provisions of any local ordinance or regulation. State licensing authorities began issuing licenses to cannabis businesses beginning January 1, 2018.

MAUCRSA establishes a regulatory structure for cultivation, processing, manufacturing, tracking, quality control, testing, inspection, distribution, and retail sale of commercial cannabis, including medicinal and adult-use cannabis. The Act designates applicable responsibilities for oversight of cannabis commerce to three State agencies.

On July 5, 2017, the City Council adopted Ordinance No. 1177 allowing commercial cannabis cultivation, manufacturing, testing, and distribution in the Cannabis Overlay Zone. On the same date, Ordinance No. 1178 was also adopted, which created a regulatory permit scheme for commercial cannabis businesses.

On May 2, 2018, the City Council appointed two council members to serve on the Cannabis Industry Ad-Hoc Sub-Committee. The sub-committee met on June 21, 2018 and recommended to analyze expanding commercial cannabis activities within the Cannabis Overlay Zone to generate additional revenue to the City of Calexico. The City Council met on August 1, 2018, heard the recommendations from the sub-committee, and suggested that the City hold a Community Cannabis Forum.

The City publicized and held a Community Cannabis Forum on October 11, 2018, to provide information to the public regarding the City's current cannabis regulations and cannabis businesses permitted under State law that could be allowed in the City. Comments were taken from the public.

In November of 2019, the City received a letter from Campillo Enterprises, Inc. requesting that the item be re-introduced.

Both the Planning Commission and the City Council have previously rejected the same measure in 2019. On December 18, 2019, the Cannabis Industry Ad-Hoc Sub-Committee met and discussed the matter and recommended that the item be reintroduced for debate at both the Planning Commission and City Council. On January 13, 2020 the Planning Commission held a duly noticed public meeting and voted to approve Resolution No. 2020-04 recommending that the City Council approve this change to the Calexico Municipal Code.

Discussion:

1. Proposed Zoning Ordinance Amendment

a. Summary

The proposed Zoning Ordinance Amendment (ZOA) does change the area of the Cannabis Overlay Zone ("Zone") as it currently exists and the Commercial Cannabis Activity Permit structure. The first main change in the ZOA is the addition of 120 W. Cole Boulevard, Calexico, CA 92231 (APN: 058-020-019-000) to the Zone; currently the parcel is zoned as Commercial Highway (CH). Currently, the following commercial cannabis uses are allowed in this Zone: cultivation, manufacturing, testing and distribution.

b. Cannabis Overlay Zone Expansion

The proposed expansion of the Cannabis Overlay Zone (Zone) to include 120 W. Cole Boulevard, Calexico, CA (APN: 058-020-019-000). Currently, the site maintain two large metal shell buildings designed for Industrial uses.

The expansion would be contiguous with the existing Zone, please refer to "Attachment A" for a Map delineating the proposed inclusion of this parcel. This parcel contains two warehouse buildings, the following building size estimates were calculated by the Engineering Department using Google Earth Pro and would have to be verified with the owner; however, given the high accuracy of this program we can state that the estimates are within a reasonable deviation from the actual building sizes. On the northern end of the parcel, abutting W. Cole Boulevard lies one structure that is approximately 25,200 square feet (SF). On the southern section of the parcel lies another structure that abuts Scaroni Avenue measures approximately 53,800 SF. Combined the inclusion of this parcel to the Zone would add just over 79,000 SF of warehouse space to the Zone.

City staff and the Planning Consultant have discussed this matter in detail. The site does have space designed for industrial and distribution uses that would require minor tenant improvements to be suited for Commercial Cannabis Activity. As interest in the Zone increases, particularly from firms seeking to establish Cultivation, Manufacturing and Distribution operations in the City there has been a declining stock of existing building space available for lease. Limited "move-in" ready space within the Zone negatively effects small businesses more acutely then large firms, which have substantial capital develop new industrial scale buildings. New construction is cost prohibitive to small business owners; by adding this parcel to the Zone it lowers the cost of entry for smaller firms seeking to become a part of the local cannabis industry. For the reasons stated above we recommend that this parcel, 120 W. Cole Boulevard, Calexico, CA (APN:058-020-019-000) be added to the Zone.

2. California Environmental Quality Act

The Ordinance is not subject to the California Environmental Quality Act (CEQA) pursuant to Sections 15060(c)(2) (the activity will not result in a direct or reasonably foreseeable indirect physical change in the environment) and 15060(c)(3) (the activity is not a project as defined in Section 15378) of the CEQA Guidelines, California Code of Regulations, Title 14, Chapter 3, because it has no potential for resulting in physical change to the environment, directly or indirectly. The City has determined it can be seen with certainty

that no environmental impacts can occur from allowing cannabis business in an existing industrial area because the uses are similar to those already allowed in this area and there are no operational components specific to cannabis uses that would result in impacts beyond those already allowed in the proposed Cannabis Overlay Zone.
