AGENDA STAFF REPORT

DATE: October 17, 2018

TO: Mayor and City Council

APPROVED BY: David B. Dale, City Manager *DD*

PREPARED BY: Gonzalo C. Gerardo, Interim Chief of Police *GCG*

SUBJECT: Authorize the City Manager to Sign a Master Equity Lease Agreement and Related Maintenance Agreement with Enterprise Fleet Management, Inc. for a Period of Sixty (60) Months for Vehicle Lease Program.

=====

Recommendation:

It is recommended that the City Council of the City of Calexico authorize the City Manager to Sign a Master Equity Lease Agreement and related Maintenance Agreement with Enterprise Fleet Management, Inc. for a Period of Sixty (60) Months for Vehicle Lease Program.

Background:

The City of Calexico Police Department's Parking Meter/Traffic Control Division currently owns and maintains more than eight (8) vehicles used to provide services to the community daily. The average age of these vehicles is approximately eleven (11) years and many of the vehicles frequently used are well beyond their useful lives. As a result, many vehicles need to be replaced to assure the City's fleet remains safe and efficient while mitigating repair and maintenance costs.

The staff has analyzed and identified four (2) vehicles (new and replacement) needed for the current fiscal year, many of which have been authorized for purchase as part of the FY 2018-19 Adopted Budget:

Parking Meter/Traffic Control	Vehicles	Budgetary Funding
Parking Meter/Traffic Control	(1) Truck	PD Parking
Parking Meter/Traffic Control	(1) Van 7 passenger	PD Parking

**AGENDA
ITEM**
12

Discussion & Analysis:

As a means to assure the City maintains a safe, reliable service fleet while at the same time remains fiscally prudent as new and replacement vehicles are purchased, staff has been working with Enterprise Fleet Management, Inc. (EFM) to determine the viability of the City entering into a vehicle leasing program. EFM provides fleet services to approximately 111 governmental organizations in California and has provided a qualified public bid through The Interlocal Purchasing System (TIPS) purchasing cooperative, which the City may join pursuant to Ordinance No. 1165, Purchasing Policies and Procedures – Cooperative Purchases.

At this time, staff is recommending the City continue the "pilot process" to determine how a leasing program may better serve the City with long-term vehicle needs. The pilot process will involve the recommended procurement of two (2) replacement vehicles using the EFM Leasing Program, the effectiveness, and efficiency of which will be measured and reported back to the City Council at the end of the initial year of the program. Advantages of using a vehicle leasing program include the following:

- Maximizes cash flow opportunities by creating an ongoing level annual payment for fleet vehicles versus having to fund the entire cost of a vehicle up front - freeing up funding for heavier equipment not typically leased;
- Increases employee safety by enabling the City to replace outdated vehicles sooner rather than later, consistent with vehicle replacement best practices; and
- Reduces vehicle-related costs with the ability to phase-in a more modern, fuel-efficient fleet more expeditiously while reducing maintenance costs.

Lease cycles for most vehicles are typically 60 months. Two vehicles will be on the 60-month lease. Utilizing this bid to establish a vehicle lease program with EFM will provide a consistent preventive maintenance cycle and substantially reduce repair expenses and potential downtime. The proposed lease for these vehicles will be an "Open Ended (Equity)" Lease which at the end of the lease cycle, the City will have the option to continue using the vehicle in the citywide fleet (a \$400.00 service charge will be due at the end of the lease for each vehicle) or can exchange the equity in the vehicle for a new replacement vehicle in a renewed lease (likely at a lower cost due to equity transfer). EFM will also provide a "Full Maintenance Program" for all leased vehicles. The Full Maintenance Program will include all necessary vehicle maintenance and 24-hour roadside assistance (does not cover tires and brakes), which can be outsourced using local vendors.

Based on preliminary quotes received, the total annual cost to lease the two (2) vehicles noted above (including maintenance and lease finance charges) is expected to be approximately \$11,167.08 per year. Base costs for the vehicles considered are in line with what the City would typically pay in an outright purchase. Vehicle leasing costs will be budgeted annually on an ongoing basis from the appropriate funds.

Fiscal Impact:

Budgeted Item for Fiscal Year 2018-2019

PD Parking Fund \$11,167.08

Estimated Total \$11,167.08 (12 months)

Coordinated With:

Police Department.

Attachment(s):

1. Fleet Synopsis.
2. Master Equity Lease Agreement - Enterprise Fleet Management Trust.
3. Maintenance Agreement - Enterprise Fleet Management, Inc.
