SUBJECT: Second Reading and Adoption of Ordinance No. 1187 – An Ordinance of the City Council of the City of Calexico Prohibiting Persons from Feeding Feral Cats

=====

Recommendation:

It is recommended that the City Council consider adopting the following Ordinance:

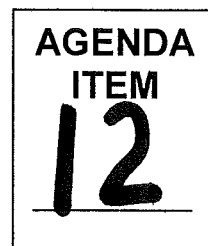

1. Ordinance No. 1187 - An Ordinance of the City Council of the City of Calexico Prohibiting Persons from Feeding Feral Cats

Background and Discussion:

Recently, the City of Calexico ("City") has seen an increase in complaints about feral cats within the City. A feral cat is a cat that lives permanently outside of a domestic home and is not owned and cared for as a typical companion animal or pet, as a result of having been born feral, abandoned by an owner, or rendered homeless, wild or stray by any other means, whose usual and consistent temperament is extreme fear and resistance to contact with people.

Generally, feral cats are a major health and safety hazard to humans given that they breed, may carry disease and otherwise negatively impact general City sanitation.

Feral cats in the City have been breeding at an exponential rate, with multiple citizen complaints of twenty (20) plus feral cats in people's yards across the City. There have also been reports of feral cats occupying public areas, especially around dumpster areas or where there is food. Complaints have described loud fighting in some cases and even loud mating, leading to a foul musky scent.

Feeding feral cats can cause them to localize activity in the vicinity of the food source, thus increasing associated negative impacts on property owners and/ or individuals within those neighborhoods.

At the regular meeting of October 17, 2018, the Calexico City Council introduced and waived first reading of Ordinance No. 1187.

Fiscal Impact:

There should be little fiscal impact because the City already enforces similar type violations of the City's Municipal Code and will use existing resources.
