Here are the recommended protocols and restrictions:

- No combined yard sales or mixing of personal property from multiple households.
- No more than 10 people on the residential property at the same time.
- Members of the household and their visitors should wear personal protective equipment (PPE), such as protective facial coverings and disposable gloves, to avoid contact with materials being handled and sold.
- Homeowner or resident host must provide receptacle for disposal of PPE.

- All residents and visitors should practice social distancing and homeowner or resident host should have a checkout line marked off in 6 foot increments.

When exchanging paper and coin money:

- Do not touch your face afterward.
- Ask customers to place cash on the counter rather than directly into your hand.
- Place money directly on the counter when providing change back to customers.
- Wipe counter between each customer at checkout
