SUBJECT: Adopt a Resolution of the City Council of the City of Calexico Establishing the Appropriations Limit for Fiscal Year 2022-23 Pursuant To Article XIII B of the California Constitution

=====

Recommendation:

Adopt Resolution Establishing the Appropriations Limit for Fiscal Year 2022-23 Pursuant to Article XIII B of the California Constitution.

Background:

In November of 1979 the voters of California passed Proposition 4 that specified government appropriations may increase annually by a factor comprised of the change in population combined with either the Consumer Price Index (CPI) or the change in per capita income as determined by the state Department of Finance. This measure was intended to provide citizens with more control over government spending and taxation.

Discussion & Analysis:

The adoption of the Gann Appropriations Limit is an annual requirement established by voter approval of the above-mentioned Proposition 4. The proposition was named after the author and was established to create a limit on the amount of tax revenue that can be appropriated by government jurisdictions. This limit is also popularly known as the Gann Limit.

Each year, the limit is recalculated by multiplying the previous year's limit by adjustment factors for population growth and inflation.

Proposition 111, passed in June 1990, giving cities the option of using their own growth or the growth of the entire county in which the city was located as the population adjustment factor. Cities were also given the option of using the increase in California Per Capita Income or the increase in the assessed valuation of non-residential property in the city as the inflation adjustment factor. Cities have the option each year of which factor to use.

For FY 2022-23, Calexico is using the population growth in the entire County and the increase in California Per Capita Income. The Resolution and the calculation of the limit (Exhibit "A") are presented on the following pages.

Fiscal Impact:

There is no immediate fiscal impact that accompanies this report. However, it is noteworthy that the City of Calexico has significant spending room, or nearly double the taxation total with conservative factors being applied.
