SUBJECT: Introduction and Waive First Reading of An Ordinance of the City Council of the City of Calexico, California, Adding Chapter 8.50 to Title 8 of the Calexico Municipal Code Relating to the Registration and Maintenance of Vacant and Abandoned Commercial, Industrial and Residential Properties

=====

Recommendation:

City Council to waive first reading and approval of the following Ordinance:

Ordinance No. _____ An Ordinance of the City Council of the City of Calexico, California, Adding Chapter 8.50 to Title 8 of the Calexico Municipal Code Relating to the Registration and Maintenance of Vacant and Abandoned Commercial, Industrial and Residential Properties.

Background:

Over the past decade, the City has witnessed the growing presence of vacant and abandoned residential, commercial and industrial properties within the City's boundaries.

Due to continuing issues the problems created by vacant and abandoned commercial and industrial properties requires special measures to improve the situation and assure that vacant commercial and industrial properties are maintained in a clean and attractive manner.

City staff members worked with the City Attorney to develop the proposed ordinance which adds a new Chapter 8.50 which focuses on vacant and abandoned commercial and industrial properties.

Discussion & Analysis:

The proposed ordinance will add a new chapter 8.50 which focuses on abandoned and distressed residential, commercial and industrial property that:

- (a) Requires residential, commercial and industrial properties to be registered once they become vacant;

AGENDA ITEM 15

- (b) Requires those properties to be maintained in accordance with specified standards in order to eliminate blight conditions;
- (c) Requires the submittal of a bond (equal to three (3) months' maintenance costs) to guarantee maintenance; and
- (d) Requires the use of a local property management company to conduct periodic inspections to make sure the property is being maintained.

Adoption of this ordinance provides the City with the necessary tool to assure that properties are maintained in accordance with minimum standards, reduce the chances that such buildings become nuisances and a danger to surrounding property.

Environmental Review:

Adoption of the ordinance is exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to Section 15308 of the CEQA Guidelines (Actions for the protection of the environment).

Fiscal Impact:

Adoption of the ordinance includes a mechanism whereby that City can adopt regulatory fees to recover the costs of monitoring compliance with the ordinance. Thus, there is no cost to the City. A resolution adopting those fees will be presented to the City Council at a later date.

Coordinated With:

City Attorney.

1. Ordinance No. ____ An Ordinance of the City Council of the City of Calexico, California, Adding Chapter 8.50 to Title 8 of the Calexico Municipal Code Relating to the Registration and Maintenance of Vacant and Abandoned Commercial, Industrial and Residential Properties.

1 **SECTION 1.** The Recitals stated above and the purpose statements contained in Sections
2 8.50.010 and 8.50.070 are true and correct and are incorporated herein by reference as
3 findings in support of this ordinance.

4 **SECTION 2.** Chapter 8.50 is hereby added to Title 8 ("Health & Safety") of the Calexico
5 Municipal Code to read as follows:

6 **"Chapter 8.50 – REGISTRATION AND MAINTENANCE OF VACANT AND ABANDONED
7 COMMERCIAL, INDUSTRIAL AND RESIDENTIAL PROPERTIES**

8 **Section 8.50.010 – Purpose.**

9 Vacant and unmaintained buildings are a major cause and source of blight in both
10 residential and nonresidential neighborhoods, especially when the owner of the building fails to
11 actively maintain and manage the building to ensure that it does not become a liability or nuisance
12 to the neighborhood. Vacant buildings (whether or not those buildings are boarded), substandard,
13 or unkempt buildings, and long-term vacancies discourage economic development and retard
14 appreciation of property values. Vacant buildings are potential fire hazards and can jeopardize
15 the ability of owners of neighboring property from securing or maintaining affordable fire
16 insurance. It is the responsibility of property ownership to prevent owned property from becoming
17 a burden to the neighborhood and community and a threat to the public health, safety, or welfare.
18 One vacant building which is not actively and well maintained and managed can be the core and
19 cause of the spreading blight. The purpose of this chapter is to define the responsibilities of owners
20 of, and to establish registration and monitoring programs for, vacant commercial, industrial and
21 residential buildings and properties.

Section 8.50.060 – Registration Fees.

The fee for registering and reregistering a vacant property shall be set, from time to time, by resolution of the city council. The amount of the fee charges shall not exceed the reasonable estimated cost of administering the provisions of this chapter.

Section 8.50.070 – Monitoring Program & Purpose.

(a) Vacant buildings are a major cause and source of blight in residential and nonresidential neighborhoods, especially when the owner of the building fails to maintain and manage the building to ensure that it does not become a liability to the neighborhood and/or a nuisance. Vacant properties and buildings often attract transients and criminals, including drug users. Use of vacant buildings by transients and criminals, who may employ primitive cooking or heating methods, creates a risk of fire for the vacant buildings and adjacent properties. Vacant properties are often used as dumping grounds for junk and debris and are often overgrown with weeds and grass. Vacant buildings which are boarded up to prevent entry by transients and other long-term vacancies discourage economic development and retard appreciation of property values.

(b) Because of the potential economic and public health, welfare and safety problems caused by vacant buildings, the city needs to monitor vacant buildings, so that they do not become attractive nuisances, are not used by trespassers, are properly maintained both inside and out, and do not become a blighting influence in the neighborhood. City departments involved in such monitoring include the police department, community improvement division, community and economic development department, and the public works department. There is a substantial cost to the city for monitoring vacant buildings (whether or not those buildings are boarded up), which should be borne by the owners of the vacant buildings. The fees for a monitoring program pursuant to the provisions of this chapter shall be separate from and in addition to any registration fees or administrative penalties required or otherwise assessed pursuant to the provisions of this chapter.

Section 8.50.080 – Monitoring Program Procedures.

(a) Authority. The chief building official shall be responsible for administering a program for identifying and monitoring the maintenance of all vacant buildings in the city. The program shall be documented and regularly updated. The program shall be available for public review.

(b) Purposes. The purposes of the monitoring program shall be:

- (1) To identify buildings that become vacant;
- (2) To order vacant buildings that are open and accessible to be secured against unlawful entry pursuant to City codes, including the building code, or other applicable law;
- (3) To initiate proceedings against the owner of any vacant building found to be substandard as defined in this chapter or a nuisance under any other provision of this code;
- (4) To maintain surveillance over vacant buildings so that timely enforcement proceedings are commenced in the event a building becomes substandard or a nuisance; and

1 (5) To establish and enforce rules and regulations for the implementation and
2 compliance with the provisions of Section 8.50.030.

3 (c) Fee Imposed. There is imposed upon every owner of a vacant property or building
4 monitored pursuant to this chapter, an annual vacant property or building monitoring fee in an
5 initial amount as the city council may establish by resolution, provided that the fee shall not exceed
6 the estimated reasonable cost of monitoring the vacant property. The fee shall be payable as to
7 any vacant property or building, residential or nonresidential, which:

8 (1) Is boarded up by voluntary action of the owner or as the result of
9 enforcement activities by the city; or

10 (2) Is vacant for more than ninety (90) days for any reason.

11 (d) Fee Waiver. The monitoring fee shall be waived upon a showing by the owner that:

12 (1) The owner has obtained a building permit and is progressing diligently to
13 repair the premises for occupancy; or

14 (2) The building meets all applicable codes and is actively being offered for
15 sale, lease, or rent; or

16 (3) Imposition of the fee would impose a substantial economic hardship on the
17 owner or would hinder the rehabilitation of the building; or

18 (4) With respect to a vacant property with no buildings, the owner has fenced
19 the perimeter of the property and is maintaining the vacant land in accordance with Section
20 8.50.030(a)(3)(A), (C) and (E).

21 (e) Procedure. The monitoring fee shall be billed to the owner of the property and
22 mailed to the owner's address as set forth on the last equalized assessment roll of the Imperial
23 County Assessor. Any owner billed may apply for a waiver on the grounds set forth in subsection
24 (d) of this section by submitting a written statement of the grounds for the waiver, and the owner's
25 daytime telephone number, to the chief building official within fourteen (14) days after the billing
26 is mailed to the owner. The owner shall provide substantial evidence in support of the owner's
27 statement of the grounds for the waiver. The chief building official shall review the written
28 statement and all related evidence and may contact the owner to discuss the application for
waiver. The chief building official shall prepare a written decision which shall be mailed to the
owner and shall set forth the reasons for the decision.

(f) Any owner aggrieved by the decision of the chief building official relating to an
application for waiver may appeal the chief building official's decision to the city manager by
filing with the city clerk a written notice of appeal within ten (10) days of the decision. The city
manager shall set a time and place for a hearing of such appeal, and notice of such hearing shall
be mailed, postage prepaid, to the owner at his or her last known address at least ten (10) days
prior to the date set for the hearing. The decision and order of the city manager on such appeal
shall be final and conclusive.

(g) If the fee is not paid within sixty (60) days after billing, or within sixty (60) days
after the decision of the chief building official or the city manager, the city manager may
thereupon order that the fee be specially assessed against the property involved. If the city

1 manager orders that the fee be specially assessed against the property, it shall confirm the
2 assessment and thereafter said assessment may be collected at the same time and in the same
3 manner as ordinary real property taxes are collected and shall be subject to the same penalties
4 and the same procedure and sale in case of delinquency as provided for ordinary real property
taxes. All laws applicable to the levy, collection, and enforcement of real property taxes are
applicable to the special assessment.

5 (h) The city manager may also cause a notice of lien to be recorded. The notice
6 shall, at a minimum, identify the record owner or possessor of the property, set forth the last known
7 address of the record owner or possessor, a description of the real property subject to the lien,
8 and the amount of the fee.

9 **Section 8.50.090 – Local Property Management Requirement.**

10 (a) If a property is determined to be vacant, and the property is owned by a
11 corporation and/or out of area beneficiary, trustee, or owner, a local property management
12 company shall be contracted to perform weekly inspections to verify that the requirements of this
13 section, and any other applicable laws, are being met.

14 (b) The property shall be posted with the name and twenty-four (24) hour contact
15 phone number of the local property management company. The posting shall be no less than
16 eighteen (18) inches by twenty-four (24) inches, shall be of a font that is legible from a distance of
17 forty-five (45) feet, and shall contain the following verbiage:

18 “THIS PROPERTY MANAGED BY _____,” and “TO REPORT PROBLEMS OR
19 CONCERNS CALL (name and phone number).”

20 (c) The posting shall be placed on the interior of a window facing the street to the
21 front of the property so it is visible from the street, or secured to the exterior of the
22 building/structure facing the street of the front of the property so it is visible from the street. If no
23 such area exists, the posting shall be on a stake of sufficient size to support the posting, in a
24 location that is visible from the street to the front of the property, and to the extent possible, not
25 readily accessible to potential vandalism. Exterior posting must be constructed of, and printed with
26 weather resistant materials.

27 (d) The local property management company shall inspect the property on a weekly
28 basis to determine if the property is in compliance with the requirements of this chapter. If the
property management company determines the property is not in compliance, it is the company's
responsibility to bring the property into compliance.

(e) The duties/obligations specified in this section shall be joint and several among and
between all trustees and beneficiaries and their respective agents.

Section 8.50.100 – Enforcement.

(a) Any violation of this chapter shall constitute a public nuisance.

(b) Any person, partnership, association, corporation, fiduciary or other legal entity,
that owns, leases, occupies, controls or manages any property subject to this chapter and that
causes, permits, or maintains a violation of this chapter, shall be guilty of a misdemeanor, and
upon conviction thereof, shall be punished as provided in section 1.24 of this code. Violations shall

1 be treated as a strict liability offense, a violation shall be deemed to have occurred regardless of
2 a violator's intent.

3 (c) If an enforcement official determines a violation of this chapter exists, the
4 enforcement official may issue an administrative citation for each day a violation exists, containing
5 fines up to \$1,000.00 per day, per violation, as provided in Chapter 1.26 of this code.

6 (d) This section is intended to be cumulative to, and not in place of, other rights and
7 remedies available to the city pursuant to the City of Calexico Municipal Code, including any civil,
8 criminal and/or administrative action.

9 (e) Any and all costs, including attorney's fees, incurred by the City in enforcing this
10 chapter shall be recoverable, and shall constitute a lien and special assessment against the subject
11 property, pursuant to the definitions and procedures in chapters 1.24 and 1.26 and as otherwise
12 provided by this code.

13 **Section 8.50.110 – Joint and Several Liability.**

14 The duties/obligations specified in this chapter shall be joint and several among and
15 between all trustees and beneficiaries and their respective agents. In addition, local property
16 management companies retained pursuant to section 8.50.090 shall also be jointly and severally
17 liable for compliance with sections 8.50.030, 8.50.040 and 8.50.090.”

18 **SECTION 3.** Based on the entire record before the City Council, and all written and oral
19 evidence presented to the City Council, the City Council hereby finds that this ordinance is exempt
20 from review under the California Environmental Quality Act (“CEQA”), pursuant to Sections
21 15060(c)(2) (the activity will not result in a direct or reasonably foreseeable indirect physical
22 change in the environment) and 15060(c)(3) (the activity is not a project as defined in Section
23 15378) of the CEQA Guidelines, California Code of Regulations, Title 14, Chapter 3, because it
24 has no potential for resulting in physical change to the environment, directly or indirectly.

25 **SECTION 4.** If any provision of this Ordinance or the application thereof to any person or

27 Ordinance which can be given effect without the invalid provision or application, and to this end
28 the provisions of this ordinance are severable. The City Council hereby declares that it would have
adopted this Ordinance irrespective of the invalidity of any particular portion thereof. By
enacting this Ordinance, the City ordains that nothing herein shall be deemed to conflict with or

except as mandated by such laws.
