RE: City of Calexico, General Plan Update Advisory Committee

Dear Mr. Webb:

Please be advised that the City of Calexico is in the process of updating our General Plan. This update process is done on an occasional basis, when needed, in order to deal with the many changes and concerns that a growing city like Calexico must deal with. In order to responsibly grow and have a plan for responsible development and growth, the General Plan of the City must be updated. This General Plan Update is being conducted, under the supervision of the City of Calexico, by our consultant, Webb and Associates, Inc. In order to better assist our consultant and to provide ideas and concepts of the entire community and all phases of development, the city of Calexico is establishing a General Plan Update Advisory Committee.

In this endeavor, input from your agency is very important to the City of Calexico. For this reason, I am respectfully requesting that you participate in this advisory committee by sitting on the committee or assigning someone from your staff to sit on this committee. This person should be well versed at the future needs of your agency and how they relate to the proposed growth and development of the City of Calexico. This person should also be prepared to provide input into this update.

A meeting has been tentatively scheduled for March 18, 2004 at 10:00 a.m. in the Calexico City Council chambers, with city staff and Webb and Associates. Your participation, in this process, is very much needed and appreciated. Please advise me as soon as possible who will be assigned to this committee and attending this meeting.

Thank you very much for your attention to this project as it heavily affects the future growth and development of the City of Calexico.

Please feel free to contact me at your convenience to discuss this matter. You can contact me at (760) 768-2105.

Sincerely,

Robert K. Williams
Director of Development Services

CC: Luis Estrada, City Manager
Ricardo Hinojosa, Planning Director
